Coil and Fin Cleaner

# COBRA

## Evaporator/Condenser Coil & Fin Cleaner

### Limpiador de Serpentes y Rendijas en Evaporadores y Condensadores

Self Rinsing

Effectively Removes:

- Grease
- Oil
- Water Deposits

**DANGER/PELIGRO:**  
CONTAINS GAS UNDER PRESSURE;  
MAY EXPLODE IF HEATED.  
CONTIENE GAS A PRESIÓN;  
PUEDE EXPLOTAR SI SE CALIENTA.

NET WT. 15 OZ. (425 g)

*COBRA is formulated to penetrate air conditioner evaporator/condenser coils and fins to remove all types of soils. The stream spray allows product to be dispersed deep into the fins of the coil. Upon contact with the surface of the coil, this product begins to react and flush soil to the surface. Does not need to be rinsed if applied in place to a functioning unit that produces moisture. The moisture produced will rinse product from contacted surfaces. It is necessary to rinse units that have been removed for repairs or do not produce moisture during operation.*

**DIRECTIONS:** Hold container 6-8 inches from surface to be cleaned. Direct spray between fins allowing product to penetrate inner surfaces. Allow to stand 5 to 15 minutes, longer if excessive soil is present, until foam reaction has ceased.

**MODO DE EMPLEO:** Sostenga el contenedor entre 6 y 8 pulgadas de la superficie que va a ser limpiada. Rocíe directamente entre las rendijas permitiendo que el producto penetre. Permita que el producto actúe de 5 a 15 minutos o más si existe excesivo sedimento hasta que la espuma de la reacción cese.

**DANGER:** Contains gas under pressure; may explode if heated. Causes severe skin burns and eye damage. May be corrosive to metals. Keep away from heat, sparks, open flames, and hot surfaces. -No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Store in a well-ventilated place. Do not breathe mists. Wash hands thoroughly after handling. Wear protective gloves and eye protection. If swallowed: Rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. Wash contaminated clothing before reuse. If inhaled: Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Store locked up. Dispose of contents and container in accordance with local, state, and national regulations. Keep only in original container. Absorb spillage to prevent material damage. Store in a corrosive resistant container with a resistant inner liner.

**PELIGRO:** Contiene gas bajo presión; Puede explotar si se calienta. Causa quemaduras severas a la piel y daño ocular. Puede ser corrosivo a metales. Mantenga lejos de calor, chispas, llamas abiertas, y superficies calientes. -No fumar. No pulverice en llamas abiertas u otra fuente de ignición. Envase presurizado: No perforo ni queme, incluso después de usar. Proteja de la luz solar. No exponga a temperaturas que excedan 50°C/122°F. Almacene en un lugar bien-ventilado. No respirar la niebla. Lávese bien las manos después de manipular. Use guantes de protección, y protección ocular. Si en ingerido: Enjuague la boca. NO induzca vomito. Si en la piel (o cabello): Inmediatamente quítese la ropa contaminada. Enjuague la piel con agua. Lave ropa contaminada antes de usar. Si en inhalado: Remueva la persona al aire fresco y mantenga cómoda para respirar. Inmediatamente llame al centro de envenenamiento o un doctor. Si cae en los ojos; Enjuague cuidadosamente con agua durante varios minutos. Remueva lentes de contacto, si están presentes y fáciles de remover. Continúe enjuagando. Guarde bajo llaves. Elimine el contenido y envase de acuerdo con las ordenanzas locales, estatales, y reglamentos nacionales. Mantenga solamente en el envase original. Absorba el derrame para prevenir daño de material. Almacene en un envase resistente a la corrosión con un revestimiento resistente.

**CONTAINS (CAS#):** Water (7732-18-5), Sodium Hydroxide (1310-73-2), Potassium Hydroxide (1310-58-3), Propane (74-98-6), Butane (106-97-8). For more ingredient information visit [www.questspecialty.com](http://www.questspecialty.com)
