## Ready to Use Food Contact Surface Sanitizer

PREDATOR is a ready to use sanitizer for hard, non-porous food contact surfaces. It is designed primarily for markets requiring a no-rinse sanitizer in food contact application. Eliminates 99.999% of the following bacteria when used according to directions: Campylobacter jejuni, Salmonella enteritidis, Escherichia coli, Shigella dysenteriae, Staphylococcus aureus, Listeria monocytogenes, Yersinia enterocolitica, and Salmonella enterica. It is excellent for sanitizing food processing equipment, food utensils, dishes, silverware, glasses, sink tops, countertops, ice machines, beverage dispensing equipment, and refrigerated storage and display equipment.
