PEN EASE

Food Grade Penetrating Oil

Designed for use as a penetrating oil for applications requiring a product which meets NSF H1 requirements, PEN EASE is used to loosen and free hard to remove nuts, bolts, screws, etc. It meets the requirements for incidental food contact and is safe for all metal surfaces and most plastics. PEN EASE comes with a pinpoint spray extension applicator to reach the most difficult areas and to extend the distance it can be sprayed. It provides high-performance penetrating lubrication while maintaining food-grade integrity. A high percentage of rust inhibitors also makes this an excellent H1 spray-down oil to help eliminate and prevent rust after pressure washing or steam cleaning equipment.

- ❖ **528000001-20AR Pen Ease**
12 – 20 oz. cans/cs., 15 oz. net wt.

For Use On:

Slides, Bearings, Pistons & Rings, Seals & Pump Parts, Belts, etc.
