Recommended For Spot Cleaning: Carpet, Upholstery, Textiles, Vinyl and Synthetics

DIRECTIONS FOR USE: Shake well before using. Always test carpet in a small, inconspicuous area for colorfastness and damage to fiber or backing as carpeting quality varies widely. Spray soiled surface until moist. Allow at least 5 minutes chemical action time, then blot up with damp turkish towel or clean cloth. If spot remains, brush pile in opposite direction and retreat. For pre-spotting before shampooing carpet or laundering textiles, saturate spots and stains and agitate. For extreme conditions, repeat process. For Kool-Aid® and other hard to remove stains, wet surface thoroughly with product and allow to remain for at least 30 minutes. Remove using a neutral soap and water solution. Repeat if necessary.

DANGER: Extremely Flammable Aerosol. Contains gas under pressure; may explode if heated. Causes eye irritation. Keep away from heat, sparks, open flames, and hot surfaces. –No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Store in a well-ventilated place. Wash hands thoroughly after handling. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

CONTAINS (CAS#): Water (7732-18-5), Diethylene Glycol Monobutyl Ether (111-34-5), Propane/n-Butane (68476-86-8), Isopropyl Alcohol (67-63-0), VM & P Naphtha (64742-89-8).
