

COBRA

CONDENSER COIL CLEANER

DESCRIPTION

COBRA condenser coil cleaner is an alkaline-based formula sprays through coils as a liquid. After 20 to 30 seconds, it begins to foam heavily pushing contaminants and oxides to the surface to be easily rinsed away. Cobra does not atomize; there is no burning sensation to the user's hands and arms. Biodegradable, phosphate free and USDA authorized.

APPLICATIONS

An excellent product for air conditioners, central cooling systems, refrigeration systems and auto air conditioners. For use in hotels/motels, homes, office buildings, air conditioner services, and auto repair services.

FEATURES & BENEFITS

- Improves heat exchange efficiency
- Reduced fuming & odorless
- VOC content is 0%
- Premium alkaline-based, non-acid formula
- Delayed heavy foaming action

SPECIFICATIONS

<p>FORM: Water-Based Liquid ODOR: Bland COLOR: Yellow Liquid DETERGENCY: Excellent TOXICITY: 2 mg/m3 WETTING ABILITY: Saturates STORAGE STABILITY: 1 Year + COLD STABILITY: 32°F PHOSPHATES: None</p>	<p>FLASH POINT: N/A FLAME EXTENSION: N/A SOLUBILITY IN WATER: 100% SPECIFIC GRAVITY: 1.26 % VOLATILE BY VOLUME: 76% pH: <13 PROPELLANT: N/A EVAPORATION RATE: Slow BIODEGRADABILITY: Yes</p>

LABEL INFORMATION

COBRA CONDENSER COIL CLEANER

COBRA is a non-acid, alkaline based cleaner. Its superior surfactants generate a heavy foaming action that holds metal ions in solution, while simultaneously pushing the dirt and grease to the outer surface of the coil where it can be easily rinsed with water. COBRA dissolves and disperses grease. It also removes oxides and contaminants on the metal surface, leaving the finned coils smooth and bright. COBRA[®] exceptional performance results in improved heat exchange efficiency and decreased power consumption, resulting in lower operating costs. Authorized by the USDA for use in federally inspected meat and poultry establishments. A specially formulated heavy foaming alkaline cleaner that has the following advantages: increased foaming, brightening & cleaning, reduced fuming, provides greater safety for service personnel during application and is biodegradable & phosphate free.

**READ ALL DIRECTIONS AND PRECAUTIONS CAREFULLY BEFORE USING THIS PRODUCT -
For use by qualified maintenance and service personnel only.**

DIRECTIONS: Goggles, gloves and other protective clothing should be worn when using this product. Turn off system. Dilute 1 part Cobra with 3 or 4 parts water. Add water to a low pressure tank sprayer, then add cleaner. Concentration can be increased or decreased depending on job requirements. Spray solution directly onto coil, starting at the bottom, saturating thoroughly. Rinse thoroughly after foaming has ceased. Allow longer contact for the removal of heavier grease accumulation.

DANGER: Causes severe skin burns and eye damage. May be corrosive to metals. Do not breathe mists. Wash hands thoroughly after handling. Wear protective gloves, eye protection, protective clothing. If swallowed: Rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. Wash contaminated clothing before reuse. If inhaled: Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Store locked up. Dispose of contents and container in accordance with local, state, and national regulations. Keep only in original container. Absorb spillage to prevent material damage. Store in a corrosive resistant container with a resistant inner liner.

CONTAINS (CAS#): Water (7732-18-5), Caustic Soda (1310-72-2), Sodium Gluconate (527-07-1).
