

# NEW & IMPROVED FORMULAS!

## 50 STATE VOC COMPLIANT

Increased Performance

Better Self-Leveling  
GREAT FOR:

Nuts, Bolts, Screws,  
Studs, Pipes & Plugs

### 5460 - SURRENDER ANTI-SEIZE

Aluminum-Based Formula For Use  
Where Metal Contacts Metal

Reduces Seizing & Stops Corrosion

Temperature Range -35°F to +1200°F

Covers Any Metal with a Protective  
Resistant Coating

No Synthetic Oil!

12 - 16 oz cans per case with  
net wt. of 12 oz.

### L639 - SURRENDER ANTI-SEIZE

Non-Melting Base

Stops Corrosion

Extreme Pressure & Heat Resistant

Decreases Seizure, Pitting, Galling &  
Thread Distortion

12 - 16 oz (1 lb.) brush top cans per case

### L676 - Nickel Lube ANTI-SEIZE

Prevents Seizing & Galling

Protects at 2600 ° F

Excellent Corrosion Prevention

Meets MIL-PRF-907E

12 - 8 oz brush top cans per case

### 5310 - KOPPER LUBE COPPER-BASED ANTI-SEIZE

Copper-Moly Combo Prevents  
Metal to Metal Seizing

Temperature Range -60°F to +1800°F

Imbedded with Copper to  
Improve Conductivity

Synthetic Oil-Based Formula

12 - 16 oz cans per case with  
net wt. of 13 oz.

### L660 - KOPPER LUBE COPPER-BASED ANTI-SEIZE

Copper-Moly Combo  
Prevents Seizing

Conductive

Hammer & Chisel Paste

Seals Out Moisture, Gases and  
Corrosive Fluids

12 - 8 oz brush top cans per case
